

### **Dear Parents and Students,**

For forty years, Thornhill School of Ballet has provided students with an exciting performance experience through its Spring recital. It's a rite of passage for thousands of youngsters, a chance to shine in front of family and friends that they anticipate with nervous excitement.

The recital offers our students a professionally directed performance that allows them to present to their families and friends the results of a year's hard work, dedication, and progress.

A big part of the dance training process includes learning through performance. The experience helps build self-esteem, self-assurance, and contributes to a sense of confidence. Although performance opportunities can help prepare some students for a possible career in dance, they also contribute to children's success in non-dance activities. That onstage experience can result in better in-school presentations, improved social skills, and strong interview skills for future college or job opportunities. The rehearsal process is a tremendous learning experience as well. It helps the children develop retention skills, and by working with their classmates on a group performance, they learn the positive aspects of working as a team to create the best end result.

Dedication to recital commitments is the responsibility of both students and their parents. We've created this handbook in an effort to clarify what we expect from you in terms of commitments and responsibility to the annual recital, the school, and other students and parents.

**Thank you,  
Thornhill School of Ballet**
